LUDO

LUDO:
G.D.Ramya Shruthi
B.Alekhya
P.Harshitha

30 JULY 2018

LUDO-DESCRIPTION

- Ludo board are typically coloured bright yellow, green, red, and blue. Each player is assigned a colour and has four tokens in their colour.
- Each player rolls the dice once in a round and moves the tokens accordingly.
- In the way to home(Middle Square) there are chances that one player can kill other.
- Who first reaches home will be the winner!!!

Tools Used

- Python3.6
- Pygame

Challenges Faced

- Faced Difficulties while Creating UI.
- Implementing complex functionality.

How We Overcame Challenges

- Reading online documents for implementing UI.
- Exploring built-in functions present in python library.
